When asked what skills or competencies students believe are most sought after by employers, the majority answered **soft skills.**

Most students identified **sense of purpose** as a personal value that helps to shape their sense of career direction and fit within their industry of choice.

The top identified highlights from info sessions were...

preparing for opportunities

employer Q+A

meeting employers

### Employer Feedback

“In-person information sessions are much more encouraging, less intimidating, and overall create a more engaging environment for potential candidates.”

“Everything went smoothly! The suggested presentation guide aided us in creating the presentation, and the online booking system was easy to navigate.”
